

## Scrofula and Consumption

People tainted with scrofula very often develop consumption. Anemia, running of the ear, scaly eruptions, imperfect digestion, and enlargement and breaking down of the glands of the neck, are some of the more prominent of scrofula symptoms—are forerunners of consumption. These conditions can be arrested, consumption prevented and health restored by the early use of

### THE TURF REVIEW.

It is thought that Blondie, 2:13 1/4, by Electra, will at least knock hard at the 2:10 door this year.

The far famed guileless wonder Lizzy Meyers will be out this year. She will, however, go the old way to sulky. The name of the stallion Whizz Wilkes, 2:25 1/2, by Aleyoun, has been changed to Whizz Aleyoun.

Dave McClary of Star Pointer fame has settled down at Charter Oak park, Hartford, where he has a training stable.

In the Sudan the horses are shod with socks made of camel's skin. In Australia horseshoes have been tried of cowhide.

The green 4-year-old pacer Sharkey recently worked a quarter at Pleasanton, Cal., in 31 1/2 seconds. He is by Direct, dam by Nutwood.

G. Rossi stands at the head of the winning list in Italy, having won \$6,870 at home and \$5,429 on foreign tracks, making \$12,300 for the season.

It is said that Endow, 2:14 1/4, at 2 years, will not be raced this season because, unfortunately, he has no stake engagements. He will be reserved for his 4-year-old form.

Last season's fast California pacer Kelly Briggs, 2:10 1/4, by Bayswater Wilkes, is now being worked without hobbles, and it is hoped that he will race this year without them.

Mr. Edward Appel of Rochester, who was a prominent horseman of the Flower City several years ago, but became tired and sold out, is back in the game again, having bought Stanza, 2:22 1/2, by Stranger.

Leotard Springs farm at Carlisle, Pa., will race a mare this year by Wilkes, sire of Azote, 2:04 1/4, out of a mare by Whipple's Hambletonian. She was bred at Palo Alto farm. As a 3-year-old, without handling, she trotted 1:20 below 3:00.

### THE GLASS OF FASHION.

The stitched and tucked taffeta silk hats will usurp the felt hats this season.

Sashes arranged around the waist like a swiss belt are fastened with a rosette and finished on the ends with silk fringe.

Jeweled chains falling with an ornament of some kind just above the line of the bust are worn around the neck over the high necked bodice.

Long lace bands which are carried twice around the neck and tied in a sailor knot falling a little below the neck band are one of the fads in neckwear.

Togues made entirely of foliage, with the accompanying flower for a finish and possibly a touch of the black so fashionable in all things this season, are one of the season's vagaries.

Mohair is going to be very much worn this season for backabout costumes. It comes in the pastel colors with a hair line stripe of white, and the price is \$2 a yard, double width.

A novelty in dress fabrics is an all wool canvas with a patterned border and narrow fringe on one edge. Two bordered handkerchiefs of canvas are sold with this to complete the costume, and the whole robe costs \$25.

Embossed crepe linen which is transparent unless lovely summer rompers with pink batiste for the underdress which may be accented plaited. Use the plaited batiste for the under bodice with a short bolero of the linen.

Among the pretty fancies in buttons used to fasten the cuffs and fronts of slinky silk and lawn waists are silver and enameled fishes, pearl balls and pale pink coral buttons. Any antique piece of jewelry which can be utilized as a button is a valuable possession.—New York Sun.

### One or the Other.

"Doctor, what ails my daughter?" "Before I answer that question let me ask if you have reason to think she has had a love disappointment of any kind?"

"I know she has not." "Then, madam, your daughter has no grip."—Chicago Tribune.

Gratitude is a nice touch of beauty added last of all to the countenance, giving a classic beauty, an angelic loveliness to the character.

## BRITISH MOVING TO RELIEVE WEPENER

Boer Force at That Point Is Being Surrounded.

### GENERAL ADVANCE MADE

Troops Moving Upon Boer Forces on Three Sides—Basutos Are Watching Events From Across Border—News Expected From Mafeking.

LONDON, April 14.—The only development reported thus far today in the cable dispatches received here from South Africa is the heavy bombardment of the British trenches at Warrentown, April 13, but which resulted in no damage.

From Boer sources it is learned that General Botha has returned from the fighting lines at Glencoe and reports that British have removed their camp in the direction of Elandsbaag.

The reassuring reports from Bloemfontein have restored confidence in London.

The afternoon papers speculate on the possibilities of the Boer commands at Wepener being cut off. This seems possible, as forces are moving toward the town from three sides, while a strong force of Basutos are closely watching events from across the border.

Beyond the mysterious Cape Town hints regarding the early expectation of good news about Mafeking, there is no further information at hand in connection with that beleaguered town, which must be in great straits.

### Those Silly Questions.

"Does he want a hair cut?" His Brother—Now! He wants a slave, of course, and his mustache trimmed.—New York Journal.

### Ill Timed Accuracy.

Amiable Hostess—Well, now you are here, I hope you will stay to lunch with me.

Gushing Visitor—Oh, thank you so much, dear Mrs. Browne, if we may. (To daughter.) There, Vera, won't that be delightful? Such a pleasant surprise for you!

Severely Truthful Child—Not a surprise, mother. You know you said Mrs. Browne must ask us to lunch if we only stopped long enough!

### At the Club.

"That's something my wife will be glad to know," remarked Mr. Howskeep, glancing up from his paper. "It says here 'the odor of clove is objectionable to ants.' We've been over-run with them lately."

"Why are ants only mentioned?" queried DeKanter. "I've noticed that all my female relatives object to it."—Philadelphia Press.

### Still Would Save It.

Bloobs—Poor Bjones has dyspepsia so badly that he says his life isn't worth living.

Slobbs—But Mrs. Bjones says he insists upon calling in the doctor whenever he has an ache or a pain all the same.—Philadelphia Record.

### A Woman's Reason.

"Katharine is so high tempered that she never reads a novel through."

"Pray, tell me, what has her temper to do with her novel reading?"

"Why, she gets mad at some character in the book and throws it in the fire."—Detroit Free Press.

### Sweet Sorrows of Parting.

"He no longer loves me!" cried the young wife.

"Why do you say that?"

"He used to kiss me whenever he came into the house. Now he only kisses me when he goes out."—Philadelphia North American.

## Nasal CATARRH

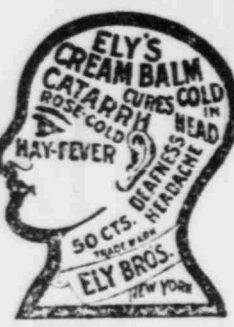

In all its stages there should be cleanliness.

Ely's Cream Balm

cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

ELY BROTHERS, 55 Warren Street, New York.

### An Expert Opinion.

"I see that a Boston author has completed a story called 'Uncleaned Bread.'"

"Must be awful dry."—Cleveland Plain Dealer.

### Probably.

First Seal—Why are those men on the ships trying to pull us in? Second Seal—I heard that the captain suspected us of being skins.—Types.

### Of Work and Outdoor Sports.

As the days will soon get milder, they will soon be longer, too. And a great injury, I take it, as I look the whole thing through. For they really should be shorter, when—you see it at a glance—Such stacks of fun they offer us at which we get no chance.
